

BRAVEST "COP" NABS MAJ. PULLMAN'S DAD

"Bob" Barbee Makes Bid for Title of
Most Courageous Policeman.

POLICEMAN BARBEE.

"Bob" Barbee, a policeman attached to the First precinct, has made a mighty blow at the record of the world's bravest "cop." Barbee has twice arrested the father of Maj. Pullman, his chief, within the past few weeks.

In a very short time Maj. Pullman will draw up the list of policemen in his department whose record entitles them to promotion, and Barbee has put some finishing touches on his own record which will make it difficult to overlook him.

Regulations are regulations, according to Barbee, and when he found that Peter R. Pullman, father of the local police head, had parked his automobile in a tobacco location, Barbee calmly took Father Pullman's number and took the case to court. Pullman paid \$2 and let it go at that.

A short time later, the elder Pullman drove his car into the same restricted part of the street, and again Barbee got him. It happened each time in front of Mr. Pullman's office in 2 street, between Fourteenth and Fifteenth streets northwest.

Didn't Know Prisoner.

The first time Barbee arrested his chief's father, the policeman had no idea of the elder Pullman's identity beyond his name, and three days elapsed before some one told him what he had done. The second time Barbee caught Mr. Pullman, however, the latter's identity was no secret at all, but Barbee didn't flinch.

So that's how Barbee came to be a high bidder for the title of the world's bravest "cop," and he did it without chasing a burglar, although Barbee's record shows him a first-class burglar chaser, too.

Barbee has a record that is envied by many of his friends in the police department. He has acquired it by conscientious and efficient service combined with the quality known as "nerve." He has a long list of "good cases" to his credit, meaning that he has recovered much stolen property and caught numerous violators of the law.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give
"California Syrup of Figs."

Look back at your childhood days. Remember the "dread" mother insisted on "castor oil, calomel, cathartics." How you hated them; how you fought against taking them!

With your children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver, and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy. They know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

WOMEN'S WILSON UNION GIVES HELP TO VOTERS

Certificates Issued to Procure Reduced
Railroad Rates.

Mrs. James Boggs, president of the Women's Wilson Union, announced last night that the help extended to registered voters going home to vote would be in the nature of certificates to railroad companies securing the reduced rates allowed voters.

Mrs. Mary Wright Johnson, secretary of the union, and her assistants have been busy during the past week distributing campaign literature and organizing Wilson campaign leagues in the nearby States. It is expected that leagues will be started during the coming week in Baltimore, Sparrows Point, Hyattsville, Rockville and Marlboro, Md.

Plans are under way for meetings to be known as German, Jewish and labor meetings. The labor meetings will be held in one of the local theaters. At all meetings prominent speakers will be secured and music provided.

The State workers representing Indiana will conduct a meeting at the headquarters of the union, Fifteenth and F streets, tomorrow night. Mrs. Frank Hiram Snell will preside. Charles A. Korib, Judge James I. Parker and other Indianapolis will speak.

A meeting of colored Democrats was held in the grill room of the old Cafe Republic yesterday afternoon to begin the organization of a colored Democratic club.

Kenneth Trice, a 6-year-old colored boy, living at 1306 Half Street southwest, while playing at Third and M streets yesterday was bitten on the leg by a dog. He was taken to Providence Hospital by his father.

Mrs. George Burkeley, 125 years old, will attend the convention of former slaves to be held at Cosmopolitan Baptist Church, October 22 to November 6. She is the first of 7,000 aged negroes to receive a free ticket to a banquet to be given next Sunday. On Monday, October 23, M. E. Bank, 104 years old, will preach.

The annual visitation of the Grand Lodge of Masons, of the District, to the Anacostia Lodge, will take place tonight in the Masonic Hall in Anacostia at 8 o'clock. Rev. D. H. Martin, of the Dumbarton Avenue M. E. Church, has been invited to deliver an address.

KITTEN HALTS TRAFFIC.

Subway Engineer Rescues Felina
from Car.

New York, Oct. 15.—Traffic in Herald square was halted for several minutes yesterday morning just because a kitten had crept under a Broadway surface car for safety.

Frank Bergau, an engineer in charge of construction on the new subway, saw the kitten crawl into the danger. The car was waiting to cross Thirty-fourth street and Mr. Bergau was on the structure which has been erected for the subway work. He ran down the stairs to the street and told the motorman to wait a minute.

Although he did not know what was the matter, the motorman obeyed and Mr. Bergau, crawling as far as he could under the low car, managed to reach the kitten. When the spectators realized what had been done they joined in the applause.

Philadelphia, Pa., Oct. 15.—Forgetting that his revolver was loaded, and attempting to repair the weapon with a screw driver, Lawrence Schuck received a wound that may result in his death.

Schuck, who is 19 years old and lives at 222 North Franklin street, was holding the weapon with the muzzle toward his chest, when the screw driver slipped and made the trigger snap.

Stringent Laws Aid Game Increase.

Hazleton, Pa., Oct. 15.—Stringent game laws received credit from anthracite coal fields game wardens for an astonishing increase in the number of quail, pheasants and rabbits hereabouts.

WOULD BUY ONE EVERY WEEK FOR BALANCE OF LIFE

Baltimore Man Formerly Suffered Agonies from Stomach Trouble and Constipation. Used Stomach Pump Daily. Claims Dremo Has Cured Him.

"I would be willing to buy a bottle of Dremo every week for the balance of my natural life if it were necessary," said Mr. M. Oesterle, who lives at 316 Maryland avenue, and is an expert glass blower at Carr-Lowrey's Glass Works at Westport.

"I have suffered untold agonies with my stomach for a long time," he continued. "Everything I would eat seemed to sour, bloat me all up, until I felt like a rope was tied around my waist, and the pains were unbearable. Then I would empty my stomach with a stomach pump and get relief. Even a glass of water would ferment and come back up, and be as hot as fire."

"All the time I was using the stomach pump I was growing weaker, for the food I would pump out was what should have been staying there and producing strength, but it was the only relief I could get. I became terribly constipated, got very nervous, couldn't sleep, and was losing flesh daily. My work became a hard task, but I was sticking it out and hoping all the time to find something that would help me."

"There was so much talk about Dremo, the new stomach remedy, I decided to try it. Now, listen to this—when I had taken one-half of the first bottle I stopped using the stomach pump and haven't used it since. My appetite began to increase, and I'd eat more than I had in many a day—and it didn't hurt me, either. The gas stopped forming, the pains vanished. I began to grow stronger and the nervousness ceased and I could sleep a whole night through without waking. My bowels would act daily in a normal and natural way. I have now taken three bottles of Dremo, and I'd be willing to buy a bottle every week for the balance of my life if it were necessary, but I think a couple more will make me well and strong."

Dremo is composed of the juices and extracts of many different medicinal herbs, roots, barks and berries. It combines perfectly with the juices of the stomach and neutralizes the acid formation, thereby relieving indigestion and gastritis. It also acts on the organs of elimination and puts a stop to constipation promptly.

Dremo is sold and recommended by O'Donnell's Drug Stores. By Allen's drug store in Alexandria. By Bury's drug store in Annapolis.—Adv.

Never Used Meat, Pepper, Alcohol,
Tea or Tobacco, and Still Single.

Clinton, Mo., Oct. 15.—Dusty and travel-worn but with his long strides retaining the vigor of all his eighteen years of backwoods life, Clarence Barton trudged into town, after covering 130 miles from Turner, Mo.

In all his eighteen years he never tasted a mouthful of meat. Never has a drink of tea or coffee passed his lips. His meager fare of daily food has never been seasoned with pepper. He never has tasted a drop of alcohol in any form and does not know the twang of tobacco smoke—a young backwoods giant.

SHIPS FOLLOWING U-53 EQUIPPED FOR BATTLE

Destroyers Carried Ammunition and
War Heads on Torpedoes.

The American destroyers that went out on rescue work during the operations of the German submarine U-53, off Nantucket Lightship last Sunday, had everything ready for battle, it was disclosed yesterday.

The destroyers carried war heads on their torpedoes, ammunition at all guns, and were prepared for instant action, presumably against the German submarines, according to a letter from Lieut. Lee Cummins Carey, an officer of the United States destroyer Benham, to his father, W. Lee Carey, of Baltimore.

The Benham participated in the rescue of persons from the ships destroyed by the U-53, and came within a few yards of ramming the German submarine, Lieut. Carey declared.

His letter follows, in part: "On Saturday the German submarine U-53 entered Newport Harbor, and passing quite near the Benham, anchored only a quarter of a mile away. After paying the various official calls, her captain—a lieutenant—sent a signal inviting all American officers aboard, of which invitation we all quickly and gladly availed ourselves.

"After being anchored about three hours, she quickly got up anchor and again was at sea in a few minutes, lost in the haze, but proudly flying the Imperial German navy flag as far as we could see."

MISS CLEVELAND IN PARIS.

Paris, Oct. 15.—Miss Esther Cleveland, daughter of the late Grover Cleveland, formerly President of the United States, has arrived in Paris to take up her work among the blind soldiers at the "Phare de France," 14 rue Daru, an American institution, under the direction of Miss Winifred Holt. Miss Bernhardt Grant, granddaughter of former President Grant, is another teacher at the "Phare."

STRIKE IN PANAMA;

10,000 QUIT WORK

U. S. Governor Urges Action to Check
Disorder.

Special to The Washington Herald.

Panama, Oct. 15.—Ten thousand of the 30,000 workmen of the Canal Zone are idle and following fights in the streets of Panama twelve negroes, alleged to be leaders of the strikers, have been arrested and will be tried for violation of the intimidation law. The streets of the city today were cleared by prisoners.

The locks, dams and other machinery of the Canal are under guard. Lieut. Col. Harding, acting governor of the Canal Zone, urged upon President Valdes that action was necessary before the strike assumed morose proportions and the arrests were made.

It is said that the number of men actually on strike numbers only 500, and the remainder of the 10,000 quit work under threats of violence. The activity of the strikers thus far has been confined to the city of Panama.

The mechanical, municipal, building and commissary departments are all short of men. There has been as yet no delay in dredging or to ships passing through the Canal, but Lieut. Col. Harding was apprehensive that unless a check was put on the strikers the Canal operations would be endangered.

TWO RESCUED FROM FIRE.

Early Morning Blaze in Juvenile
Court Causes Scare.

A blaze of unknown origin, lasting about an hour and doing \$300 damage in Juvenile Court Building at 208 I street northwest, was extinguished by Truck Company No. 4 and Engine Companies Nos. 6, 3 and 12 early yesterday morning. Mr. and Mrs. J. L. McChan, caretakers of the court, narrowly escaped death when they were trapped on the fourth floor. Dense smoke prevented them from leaving the building by the stairs. They ran to the front window and were rescued by firemen.

The fire started in the basement of the building and the three upper floors were not damaged except by smoke.

ARIZONA WILL JOIN WAR FLEET TUESDAY

Placed in Commission with Services
at Navy Yard.

Special to The Washington Herald.

New York, Oct. 15.—On Tuesday the super-Dreadnought Arizona will be placed in commission at the New York Navy Yard. Capt. John D. McDonald will be in command of the latest addition to the Atlantic Fleet.

Stores and ammunition will be taken aboard before she steams for her trial runs. The date for her tests has not been set.

Officers at the navy yard estimate that the vessel has been constructed at a saving of nearly \$1,000,000. The estimates furnished by the officers at the yard provided for the Arizona's construction at a cost of \$7,425,000. That amount was allowed. All of the figures have not yet been compiled and for that reason officers cannot give definite figures, but they believe \$1,000,000 of the allowance will be turned back to the government.

The completion of the Arizona makes a new record for naval construction. The contract was sent to the navy yard in September, 1912, and its terms were that the vessel be ready in three years. She was finished on time.

BLACK HAND MENACES BOSTON CUSTOM-HOUSE

Police Seek Plotters Who Would
Place Bombs.

Special to The Washington Herald.

Boston, Mass., Oct. 15.—Police are guarding the custom house, as a result of a letter received by Edmund Billings, collector of the port of Boston, in which the threat is made that the structure will be blown up today. The letter read: "Custom house—tomorrow at 3 o'clock."

"Well, the tower might be blown off. Two men will be responsible for it. If it works * * * good night custom house. We are against the government. We came from a tour and our trunks were looted in the custom house. We hold the officials responsible for the loss of many of our jewels and also the government."

"We will plant the bombs probably today unless we are hindered by a special reason. The bombs are made to destroy and kill, so beware. We'll defy the police. (Signed) 'BLACK HAND.'"

"P. S.—When a certain door is opened off go the bombs."

The letter was received at the office of the collector October 14.

All persons who stop in front of the custom house are questioned and only police and watchmen are allowed to enter the building.

Several days ago a Catholic church in Framingham was dynamited and the police take this threat to destroy the custom house seriously.
